

Density Determination Balance

BP-D series

Features

- High precision load cell.
- Rugged Plastic Housing.
- Big size Stainless Steel Platter.
- High contrast easy to read LED display.
- Built-in rechargeable battery last up to 7 days.
- Height adjustable feet.
- Full capacity subtraction.
- Stabilization time 1.5 seconds.
- Overload Protection.
- Below Balance Weighing Facility.
- Checking Weighing, piece counting function.
- Can be contain bubble level.

Specification

Model	BP50001D	BP50002D
Capacity	0-5000g	0-5000g
Readability	0.1g	0.01g
Repeatability	±0.2g	±0.02g
Linearity	±0.2g	±0.02g
Pan Size	143*192mm	
Container	Ø20*24cm	
Basket Size	Ø16*27cm	
Dimensions	390mm x 250mm x480mm	
Net Weight	4800g	
Power Supply	110V/220-240V AC
