

# Rapid Fluorescence Immunoassay System

## Accurate

- Incubation system controls temperature variations  $\leq \pm 0.1^\circ\text{C}$ , ensuring quantitative accuracy
- $\leq 5\%$  system-to-system variability;  $\leq 3\%$  run-to-run variability

## Flexible

- Growing range of tests to aid in the diagnosis of conditions related to cardiac, diabetes & renal injury, infection, hormone, etc.
- Able to run whole blood, serum, plasma, & urine
- Analyzer stores up to 10,000 sample records

## User friendly

- Most results available in 15 minutes or less
- Intuitive interface simplifies operation
- Easy-to-read, large visual touchscreen
- Compatible with any Laboratory Information System (LIS)

■ For Export Only ■

## Fluorescence Immunoassay Tests

Quantitatively detects analytes in human specimens  
Use with the RaFIA System only

### Hormone

Product Name	Cat #	Specimen type	Shelf life
β-hCG FIA Test	F1000	Serum, Plasma	24M
TSH FIA Test	F1030	Serum, Plasma	24M
PRL FIA Test	F1080	Serum	24M
LH FIA Test	F1090	Serum	24M
FSH FIA Test	F1100	Serum	24M
Total T3 FIA Test	Coming soon	--	--
Total T4 FIA Test	Coming soon	--	--
TES FIA Test	Coming soon	--	--
PROG FIA Test	Coming soon	--	--
AMH FIA Test	Coming soon	--	--
E2 FIA Test	Coming soon	--	--

### Others

Product Name	Cat #	Specimen type	Shelf life
Ferritin FIA Test	F5010	Serum	24M
CEA FIA Test	Coming soon	--	--
AFP FIA Test	Coming soon	--	--
Total IgE FIA Test	Coming soon	--	--
tPSA FIA Test	Coming soon	--	--
fPSA FIA Test	Coming soon	--	--

### Cardiac

Product Name	Cat #	Specimen type	Shelf life
cTnI FIA Test	F3002	P/WB	24M
D-Dimer FIA Test	F3010	P/WB	24M
CK-MB FIA Test	F3020	S/P	24M
MYO FIA Test	F3030	S/P	24M
NT-proBNP FIA Test	F3050	S/P/WB	24M

### Diabetes / Renal Injury

Product Name	Cat #	Specimen type	Shelf life
MAU FIA Test	F2020	Urine	24M
HbA1c FIA Test	F6100	WB	24M
Cys-C FIA Test	Coming soon	--	--

### Infection

Product Name	Cat #	Specimen type	Shelf life
PCT FIA Test	F0400	S/P/WB	24M
CRP FIA Test	F0410	S/P/WB	24M
