

Several Rows Magnetic Stirring Heating Mantles

HMS-P Series

Feature

It applies to colleges, petrochemical industries, medicine, and environment protection institutions for liquid heating and stirring.

Characteristics :

1. Cold rolling sheet stretching and spraying exterior.
2. Electronic temperature regulation heating mode and magnetic stirring; with characteristics of large heating area, fast warm-up, high temperature evenness, accurate tem-control, time and cost saving.
3. Heating and stirring can proceed simultaneously; stepless speed adjustment.
